RIVERSIDE HEIGHTS SCHOOL

Prospectus 2027

Inspiring curious minds since 1998 · Knowledge · Character · Service

Welcome

Riverside Heights is a co-educational day school where 1,200 learners from nursery to grade 12 grow into confident, compassionate and capable young people. Founded by a group of parents and educators in 1998, the school began with 60 students in a rented house by the river. Today our 8-acre green campus is home to modern science labs, a large library, a robotics lab and a full sports complex.

We are affiliated to the National Examination Board. Our teachers know every child by name, and our small classes leave room for questions, projects and play.

Programmes

Programme	Grades	What it offers
Early Years	Nursery – KG	Play-based learning that builds language, numeracy, social skills and a joyful start to school.
Primary School	Grades 1 – 5	Strong foundations in literacy, mathematics and science through hands-on, inquiry-led lessons.
Middle School	Grades 6 – 8	Subjects in depth, time management and the chance to discover new passions.
Secondary School	Grades 9 – 10	Preparation for board examinations with mentoring, revision clinics and career guidance.
Higher Secondary — Science	Grades 11 – 12	Physics, chemistry, biology and mathematics with extensive lab work.
Higher Secondary — Management	Grades 11 – 12	Accounting, economics, business studies and computing with internships.
